¹⁴⁶⁵ **Cudjo, Cudjoe** or **Kudjoe** as a name for Nu African or Afrikan-Amerikan males seems to have been in use all over the Americas since our introduction as slaves in this hemisphere and thus we can conclude that the name has some African origin. The earliest known recording of the name was among the Jamaican Maroons who fought a guerilla war against the British overlords, which was conclude between a Captain Cudjoe, leader of the rebels and Edward Trelawney, governor of the Jamaican colony in M222/A1738 [See Edward D. Genovese, *From Rebellion to Revolution*, pp. 64-65]. In the developing U.S. Empire a Cudjo could be found as one of the chief language interpreters for the Seminole Nation (that include large numbers of blacks people who joined with them) and the government of the U.S. Empire. Cudjoe was contemporary with two other black interpreters in the Seminole Nation, that is, Abraham and Gopher John who helped the Seminole negotiate treaties with the government of the U.S. Empire trying to secure control over northern Florida and stop the influx of runaway black slaves from the lower South escaping into Seminole Territory. Abraham himself was chosen as part of the Seminole delegation that went to Washington, D.C. in M309/A1825 to talk “peace” with the White Man. [See William Loren Katz, *Black Indians*, pp. 56-57 and J. L. Dillard, *Black English*, pp. 150-151]. On a purely speculative basis the name **Kudjo** may have its origin in the Yoruba Language. In Yoruba the word **ku** = “to remain” [i.e. *in the same place*] and **jo** – “to be together”. In Ghana Akan males **born on Monday** are name **Kwadwo** (*Kojo*). The name **Kudjo** contains an apparent French construction in the possessive **de** [of] as in the elided **de + Jenne = djenne** or “City of Jenne” located in the Songhai Empire. Knowing this and that the Yoruba language tends to “run” words together so that they look like one word, one could come up with the speculative construction **ku + de + jo**, after elision **ku+djo** one could translate the word as “those together belonging in the same place” or “those who belong to the same place,” or “those [together] who are in possession of the same place.” In other words the name **Kudjoe** carries the idea “*of one who seeks or promotes collective unity.*” This certainly fits the characters of those African slaves who courageously wore this nomen.

¹⁴⁶⁶ Note that 8,000 to 10,000 of our ancestors in the Greenwood District (Tulsa, Oklahoma, Tulsa County) are not included in the list that follows this special section. They are all were terrorized by White thugs and terrorist and all lost their property, subject to arrest, humiliation, shot at and threatened, and made into black refugees. However, the names and persons mentioned in this section are those known to have suffered direct violence to their persons, i.e. murder, lynching, and burning alive, or wounded. These are all acts of genocide based on the definition that we have already provided above. They are known to be about 300 persons. In this section we present only the persons we know by name, and/or are identified with special honorific African names until research reveals all of their names.

¹⁴⁶⁷ Brooks Roberts is said not to have been injured or wounded the morning of 1 June 1921 but suffered a death due to continued trauma experience from the event and had to be moved back to his father's house in Kansas. He is noted to have exhibited feelings of someone trying to kill him, and is therefore said to have "died of insanity" by June 30. During those days the medical profession had no way to describe or know that Roberts was likely experiencing what we know today as "PTSD" acquired from the horrifying events 1 June 1921 where black people systematically hunted down, murdered, maimed, and inhumanly treated. The fear that was instilled must have been very for him; and even living Tulsa, OK did not abate this feeling of dread. Brooks Roberts was just one of the known victim that suffered some degree of mental derangement from this genocide by white Setian white men and women.

¹⁴⁶⁸ My source down to *Nana 87X* was based on a list of names and instances of the black dead and wounded which I have modified for the purposes of this work compiled by I. Marc Carlson in his “The Tulsa Race Massacre: Known Dead and Wounded in the Tulsa Race Riot” Carlson list is original research using Tulsa newspaper accounts and hospital records. To be noted Carlson provides a list of both black and white wounded and killed persons during this horrific tragic event; yet for our purpose and interest we are only concerned with the black dead and wounded since it was the whites who attacked the Greenwood community and attempted through use of airplane incendiary bombs, guns, machine guns, burning black people alive locked in their homes, and later mass internment and when released forced to carry identification cards. The only interest this work would have in white dead and wounded is to demonstrate the terrific fight black engaged in to defend their families, homes, and community. From Carlson list we know that black men killed or wounded in self-defence of Greenwood against overwhelming odds and a planned surprise racially motivated attack over 60 white males. Most white males that were merely had none life threatening wounds did not go to the hospital because this would provide a record that they had been in Greenwood trying to kill, murder, maim, and burn black men, women and children.

¹⁴⁶⁹ With *Nana 88X* we provide honorary name for black people murdered in Greenwood District of Tulsa for which no record yet exists or has been uncovered via research. Records are available to show their bodies were disposed of often time in mass graves, some of which have been located and are being excavated. Until these records and their names become available we give them honorary names from *Nana 88X* to *Nana 300X* given that historians are near certain that 300 black people were murdered by white mobs so-called “deputized” law enforcers who use the *color of law* to commit genocide against black people and citizens of Greenwood on that fateful day, Wednesday, June 1, 1921 over 100 years ago.

¹⁴⁷² **Sabe** could be derived from the Swahili word **saba** which means “seven” or even the Ethiopic word ሰባ = “saba” which means “seventy.” How is this possible since it is well known that most African-Americans come from West Africa? It is well known that Swahili was the lingua franca trade language and that Swahili merchants traveled far and wide throughout the African Continent and many were also sailors involved in trade (including the slave trade). What is not so well known is that many Ethiopians from the Graeco-Roman period down to the Middle Ages and beyond (being a curious people) traveled all over the world (i.e. Europe, etc.) and this included travels throughout the African Continent itself. Either the Swahili and/or the Ethiopians could have left their linguistic footprint in West Africa in respect to name things and persons.

ACRONYMIC KEYS TO THE

ANUP – DOG OF TIME AND
ETERNITY

CALENDARS

FROM MP344 B.S.E. - c. MP449 B.S.E (A1860 C.E. – c. A1965 C.E.)

We recall here that Dr. Molefi Kete Asante for suggested the possibility of a modern Afrikan calendrical system by stating in his work **Afrocentricity: The Theory Of Social Change**, that Afrikan and Nu Afrikan History could be divided into two chronological eras, namely **Before The Beginning Again**, from which he derived the acronym **B.B.A.** and **After The Beginning Again** from which he derived the acronym **A.B.A.**⁴⁷³ This seminal idea of splitting Afrikan and Nu Afrikan History into two chronological eras, derived from the facts and experiential phenomena of black history has been incorporated into the Nu Afrikan Calendar. However, instead of using the histo-graphic designations offered by Dr. Asante, we have used the Swahili phrase **kabla ya saa ekundu = Before the Red Time**, deriving from that phrase the histo-graphic acronym **K.S.E.**, and the phase **baada ya saa ekundu = After The Beginning Of The Red Time**, from which we derive the histo-graphic acronym **B.S.E.** The Nu Afrikan Calendar favors these histo-graphic acronyms to those of Dr. Asante's for a number of reasons. The reason for this choice is that the phrase **The Red Time** is an indigenous histo-graphic expression used by our Nu Afrikan ancestors to describe the **Slave Period** here in the U.S. Empire and Imperium [The U.S.E.].⁴⁷⁴ Our Nu Afrikan ancestors used the phrase **red time** to denote the period of time they were captured from their homeland in Afrika and enslaved and domiciled in the U.S.E., and so by inference any histo-graphic designation phrased **after the red time** must mean after the Nu Afrikan People's general emancipation in the U.S. Empire. The Nu African Calendars that follow reflect this later designation referred to in history as Jim Crow/Zip Coon but really was a horrific period that marked a horrific period death and white terrorism against the Nu African People. We are hard pressed not to refer to this period exclusively as **after the Red Time** for by extension it is the period following on the Civil War in 1860 (ending the *Red Time* at its conclusion in 1865) marked by a bloody period of *White Terrorism* (beginning in earnest c. 1867) that included genocide, sexual and sadistic outrages against black people and is by far the most glaring example of man's inhumanity to man where lynching of black men, women, and children became common place and a carnival like pass time for white communities throughout the United States for 90 years or more. Only God knows how many Nu Africans were killed during this period of time and the terror they experienced at the hands of the *Setian* White Man. May every living witness to these unconscionable acts of violence in God's *Good Creation* condemn his black heart who took *demonic pleasure and joy* at the horrible deaths of our people! Although we want to take the calendars down to 1954 (the end of legal segregation in the South) logically since *Our Ancestors Have Names* is a memorial to *Shahidi* Malcolm X and the *Nu African Calendar* base year is *based around his assassination February 21, 1965* these calendars will end around about c. 1964 *leap year sequence* inclusive of events in 1965 and the brief **Sasa Period** beyond to 1967.

⁴⁷⁵ There are only 13 months in the *Ethiopian Calendar* (EC) and just like the *Egyptian Calendar* it has a short 13th month of 5 or 6 days. *Pagumen* and *Quaggimi* represent the same short month in the *Ethiopian Calendar*. You will find that some modern Ethiopian Calendars use either *Pagumen* or *Quaggimi* as the short month days in the 13th month. This can be confusing. In the calendars below *Pagumen* will be used for the 5 day short month; and *Quaggimi* will be used for the 6 day short month in each EC calendar common

year that comes *just prior* to a Gregorian Leap Year. In the Nu African Calendar this will occur in the *Month of Uwezo*. We have marked *Uwezo* with a different month of color to represent this calendrical nuance. See *Excursus 6* for a fuller explanation of the *Ethiopian Calendar*.

EPILOGUE

REQUIEM FOR THE PEOPLE OF HEAVEN

White Setian Devils Are Still Killing Our People with Presumed Impunity In the 21st Century

Whether they are or not they believe they are exempt from punishment (or should be exempt) and allowed freedom from the injurious consequences of their actions. This presumption is based on their feeling of white superiority and our black inferiority that relegates us as sub-human at best. This Setian presumption may be acted on by any of them at any time of the day or night they wish to affirm superiority and our inferiority, being pissed off that our people without warrant receive even the crumbs from the White mans table, privileges that even the poorest Whites among them believe belong to them by right and race.

"Mass shooting at Buffalo supermarket was a racist hate crime, police say . . . The 18 year old suspected of opening fire at a Buffalo supermarket Saturday told authorities he was targeting the Black community, . . . The alliege gunman made disturbing statements his motive and state of mind following his arrest, the official said. The statements were clear and filled with hate toward the Black community." **Eric Levenson, etal., CNN** (Monday, May 16, 2022).

HE WAS A MURDERER FROM THE BEGINNING

³⁷ I know that ye are Abraham's seed; but ye seek to kill me, because my word hath no place in you. ³⁸ I speak that which I have seen with my Father: and ye do that which ye have seen with your father. ³⁹ They answered and said unto him, Abraham is our father. Jesus saith unto them, If ye were Abraham's children, ye would do the works of Abraham. ⁴⁰ But now ye seek to kill me, a man that hath told you the truth, which I have heard of God: this did not Abraham. ⁴¹ Ye do the deeds of your father. Then said they to him, We be not born of fornication; we have one Father, even God. ⁴² Jesus said unto them, If God were your Father, ye would love me: for I proceeded forth and came from God; neither came I of myself, but he sent me. ⁴³ Why do ye not understand my speech? even because ye cannot hear my word. ⁴⁴ Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer

from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it. (John 8:37-44, King James Version).

Jesus exposed the character of Satan over two thousand years ago. He said that Satan had two main character traits that were innate to who he was. Satan was not only a liar, and the Father of Lies but he was a murderer from the very *beginning of time*, before even the creation of mankind. Not only did Jesus identify Satan's character but the also the character of Satan's human children. As the children of their Father the Devil they manifest his main character as both liars and murderers. I think we can safely make the claim that as mass murderers of black people grounded in their hate for them both Dylann Roof and Payton Gendron have revealed that they are Children of the Devil, Children of Darkness and not Children of Light, i.e. they are Setian.

Long after Jesus revealed who Satan and his children are some of our black scholars, scribes and men of action fighting for our freedom have identified the Children of the Devil as White base on biblical, historical, and experiential proofs. They have shown in their writings that for centuries white people have created various domination systems and participated in our enslavement for their own gain and enrichment. Further they have lynched, murdered, and raped our people with impunity, subjecting us to systematic genocide, and every inhuman outrages known to man, grounded in their presumed superiority and our black inferiority. They therefore describe the white people as the Children of the Devil and his surrogates because their Setian character matches the description that Jesus gave to their Father the Devil as both liars and murders. They have adopted this character in order to affirm and maintain there presumed status as racially superior, which is still exhibited by members of their *kith and kin* to this very day as seen by the mass murder of our people by the likes of Dylann Roof and Payton Gendron.

Our black fathers who we quote below will be allowed to speak their own mind without commentary and we leave it to the reader to decide if what they claim about the White man is compelling or not. At least what they say or claim should give any black man pause and might begin to explain how two White boys, ages 21 and 18 in the 21st Century could murder 19 black people and come away convinced that what they did was right and is justified based on their presumed racial superiority.

THE WHITE MAN IS THE *NATURAL ENEMY* OF THE BLACK MAN

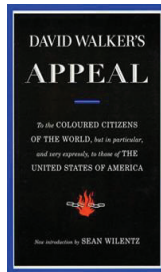

"I will stand my ground"

David Walker (1785 – 1830)⁴⁷⁷

⁴⁷⁷ There was a bounty on David Walker's head by Southern Slavers because of his writing that threatened their Slavocracy. "His radical views prompted southern planters to offer a \$3000 bounty for anyone who killed Walker and \$10,000 reward for anyone who returned him alive back to the South. Walker was found dead in the doorway of his Boston home in 1830." Walker's death was suspicious and it was believed by some that he was poisoned.

Oh! Coloured people of these United States, I ask you, in the name of that God who made us, have we, in consequence of oppression, nearly lost the spirit of man, and, in no very trifling degree, adopted that of brutes? Do you answer, no?—I ask you, then, what set of men can you point me to, in all the world, who are so abjectly employed by their oppressors, as we are by our *natural enemies*? How can, Oh! How can those enemies but say that we and our children are not of the HUMAN FAMILY, but were made by our Creator to be an inheritance to them and their for ever? . . . How could Mr. Jefferson but say, “I advance it therefore as a suspicion only, that the blacks, whether originally a distinct race, or made distinct by time and circumstances, are *inferior* to the whites in the endowments both of body and mind?”—“It,” says he, “is not against experience to suppose, that different species of the same genius, or varieties of the same species, may possess different qualification, . . . Will not a lover of natural history, then, one who views the gradation in all the races of *animals* with the eye of philosophy, excuse an effort to keep those in the department of MAN as *distinct* as nature has formed them?”—I hope you will try to find out the meaning of this verse—its widest sense and all its bearings: whether you do or not, remember the whites do. . . . I hope you will not let it pass unnoticed. He goes on further, and says: “This *unfortunate* difference of colour, and *perhaps* of *faculty*, is a powerful obstacle, to the emancipation of these people. Many of their advocates, while they wish to vindicate the liberty of human nature are anxious also to preserve its *dignity* and *beauty*. Some of these, embarrassed by the question, ‘What further is to be done with them?’ . . . Now I ask you candidly, my suffering brethren in time, who are candidates for the eternal worlds, how could Mr. Jefferson but have given the world these remarks respecting us, when we are so submissive to them, and so much servile deceit prevail among ourselves—when we so *meanly* submit to their murderous lashes, to which neither the Indians nor any other people under Heaven would submit? No, they would die to a man, before they would suffer such things from men who are no better than themselves, and *perhaps not so good*. . . . we are, by our treachery, wickedness and deceit, working against ourselves and our children—helping ours, and the enemies of God, to keep us and our dear little children in their infernal chains of slavery !!!⁴⁷⁸

I have several time called the white Americans our *natural enemies*—I shall here define my meaning of the phrase. Shem, Ham and Japheth, together with their father Noah and wives, I believe were not natural enemies of each other. When the ark rested after the flood upon Mount Arrarat, in Asia, they (eight) were all the people which could be found alive in all the earth—in fact if Scriptures be true, (which I believe are) there were on other living men in all the earth, notwithstanding some ignorant creatures hesitate not to tell us that we, (the blacks) are the seed of Cain the murderer of his brother Abel. But where or of whom those ignorant and avaricious wretches could have got their information, I am unable to declare. Did they receive it from the Bible? I have searched the Bible as well as they, if I am not as well learned as they are, and have never seen a verse which testifies whether we are the seed of Cain, or of Abel. Yet those men tell us that we are the seed of Cain, and that God put a dark stain upon us, that we might be known as their slaves!!! Now, I ask those avaricious and ignorant wretches, who act most like the seed of Cain, by murdering the whites or the blacks? How many vessel loads of human beings, have the blacks thrown into the seas? How many thousand souls have the blacks murdered in cold blood, to make them work in wretchedness and ignorance, to support them and their families?—However, let us be the seed of *Cain, Harry, Dick, or Tom!!!* God will show the whites what we are, yet. I say, from the beginning, I do not think that we were *natural enemies* to each other. But the whites

having made us so wretched, by subjecting us to slavery, and having murdered so many millions of us, in order to make us work for them, and out of devilishness---and they taking our wives, who we love as we do ourselves--our mothers, who bore the pains of death to give us birth---our fathers and dear little children, and ourselves, and strip and beat us one before the other---chain, hand-cuff, and drag us about like rattlesnakes---shoot us down like wild bears, before each other's faces, to make us submissive to, and work to support them and their families. They (the whites) know well, if we are *men*---and there is a secret monitor in their hearts which tells them we are---they know, I say, if *we are men*, and see them treating us in the manner they do, that there can be nothing in our hearts but death alone, for them, notwithstanding we may appear cheerful, when we see them murdering our dear mothers and wives, because we cannot help ourselves. Man, in all ages and all nations of the earth, is the same. Man is a peculiar creature---he is the image of his God, though he may be subjected to the most wretched condition upon earth, yet the spirit and feeling which constitute the creature, man, can never be entirely erased from his breast, because the God who made him after his own image, planted it in his heart; he cannot get rid of it. The whites knowing this, they do not know what to do; they know that they have done us so much injury, they are afraid that we, being men, and not brutes, will retaliate, and woe will be to them; therefore, that dreadful fear, together with an avaricious spirit, and the natural love in them, to be called masters (which term will yet honor them with to their sorrow) bring them to the resolve that they will keep us in ignorance and wretchedness, as long as they possibly can, and make the best of their time, while it lasts. Consequently they, themselves, (and not us) render themselves our *natural enemies*, by treating us so cruel.⁴⁷⁹

THE WHITE MAN IS A RACE OF DEVILS, THE ENEMY OF THE BLACK RACE AND ARE THE CHILDREN OF THE SERPENT AND THE BEAST IN REVELATION

"Accept your place in the sun as it was originally before the creation of this world . . .
The black man is the first and the last, maker and owner of the universe."

Elijah Muhammad (1897 – 1975)

Almighty Allah (God) and the Nation of Islam elsewhere (Asia and Africa, the Islands) are grieved and hurt to the heart to see you walking into the trap your enemies (the devils) have and still are setting for you. I am your sincere brother with the truth from your God and mine, which means your very life and the future of your children and nations of black men and women. The truth being that you should know your enemies and their tricks being played on the world of our kind. Will you listen or read the truth? Do not take what I am teaching and writing lightly. It is the truth from your god and you shall soon bear me witness that it is the truth. Allah has said to me that we are living in the end of the world of white rule, a race who Allah has made manifest to you and me as being real devils. They were created to rule us for 6,000 years, and then Allah (God) will destroy them from the earth and give the earth back to its original owners---the Black Nation. The time has arrived,

and you must know the truth of this race and yourself and nation. You must be reunited to you own Nation. The time is ripe for your return. You will never again be slaves to any other nation. Allah will make you the head and not the tail. Accept your own! Stop destroying yourself trying to be other than your own kind and pattering after a doomed race of devils. . . . You are letting the devils fool and disgrace you and are taking you to hell with them! ⁴⁸⁰

THE SERPENT AND THE DEVIL: That old serpent, called the devil and Satan, which deceiveth the whole world (Rev. 12:9) is a person or persons whose characteristics are like that of a serpent (snake). Serpents or snakes of the grafted type cannot be trusted, for they will strike you when you are not expecting a strike. . . . That old serpent, devil and satan, the old beast, is the dragon which deceiveth the whole world of the poor ignorant darker nations and has caused them to fall off their mount of prosperity, success and independence by accepting advice, guidance and empty promises which he (the serpent-like Caucasian devil) never intended to fulfil. How well the prophets have described the characteristics of this race of devils as corresponding to the nature of a snake (serpent). Most snakes wobble and make a crooked trail when and wherever they crawl. So it is with the white race, which goes among the black nation leaving the marks of evil and crooked dealings and doings. In spiritu9al dealings, there again you will find them like a snake (serpent), following on the heels of the truthbearers (prophets and messengers of God) to bite the believers with false teachings and fear in order that he may cause them to fall off their mount of truth. Like a snake (serpent) he parks in and on the pathway of all the so-called Negroes who seek the way to freedom, truth, justice and equality (Allah and the true religion, Islam). In many instances, they threaten you with imprisonment, the loss of your jobs, hunger, lack of shelter and disrespect of human rights. On some occasions, they threaten to take away your very life!⁴⁸¹

THE BEAST AND THE DRAGON: Who is like unto beast? Who is able to make war with him?" (Rev. 13:4). This beast that is spoken of in the prophecy of the first book of the Bible called Revelations and has and still is being much misunderstood by my people. But one thing is certain, the name (beast) is believed by most all readers of the Book to refer to a person or persons, which is right. But who is the person or persons? (Note: There is mentioned in the same chapter and verse a dragon which gave power to the beast. Who can this dragon be? Is he also a person? Then how are the two related?) The eighteenth verse of the same chapter reads: "Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man." Here we are told that the number of the beast referred to here is a man or people. Now the only way of knowing just what man or people is to watch and see what man or people's doings or works compare with the doings and works of he symbolic beast of the Revelation. This name "beast," when given to a person, refers to that person's characteristics, not to an actual beast. Study the history of how America treats the freedom, justice and equality which is supposed to be given to all citizens of America (of course, the Negroes are not citizens of America). A citizen cannot and will not allow his people and government to treat him in such way as America treats her so-called Negroes.

To call a person a "beast" is simply to say, according to the English language: Nouns—violent person, berserk or berserker, demon, fiend, shaitan or sheitan or Satan, or dragon, evil spirit, Satanas, devil, diable, Iblis, azazel, abaddon, apollyon, the prince of devils, the prince of darkness, the prince of this world, the prince of the power of the air, the wicked one, the evil one, the archenemy, the archfiend, the devil incarnate, the father

of lies the author and father of evil, the serpent, the common enemy, the angel of the bottomless pit. Adjectives--satanic, devilish, diabolic(al), hell-born, demoniac, savage, brute, fierce, vicious, wild, untamed, tameless, ungentile, barbarous, unmitigated, unsoftened, ungovernable, uncontrollable (obstinate), brute force, forcibly, by main, with might and main, by force of arms, at the point of the sword or bayonet (the devil and Satan). The above in the explanation of "beast" when applied to human beings or people in general, according to *Roget's International Thesaurus*. The so-called American Negroes have and still suffer under such brutish treatment from the American Christian white race, who call themselves followers of Jesus and his God. The Revelator could not have better described the white race's way of dealing with the black nation. They (white race) are the people described as "beast" in the Revelation of the Bible.⁴⁸²

THE WHITE MAN IS THE IMPLACABLE FOE, EVERLASTING AND BITTER ENEMY OF THE BLACK MAN

Dr. Chancellor Williams (1893 – 1992)

ONE OF THE MOST TROUBLESOME FACTS IN THE STUDY of history over very long periods of time, such as several centuries, is that a truth may slowly emerge, period after period, until it clearly forms itself into a truth impregnable---a fact nowhere explicitly stated as such in the mass of data covered. As one continues to move on down through the centuries, countless events and situations may continue to make supporting additions to what has already been established as an unassailable fact. Yet that truth may be so repugnant, so utterly void of any rational or intelligent reason for its existence, that hardly any historian would wish to state it in his work.

Yet I did just that when I wrote that "the whites are the implacable foe, the traditional and everlasting enemy of the Blacks." The compelling reason for publicly putting this declaration in its historical context is made clear. The necessary re-education of Blacks and a possible solution of racial crises can begin, strangely enough, only when Blacks fully realize this central fact in their lives: *The White man is their Bitter Enemy*. For this is not the ranting of wild-eyed militancy, but the calm and unmistakable verdict of several thousand years of documented history. Even the same case-study of ten Black states in this work shows that each and every one of those states was destroyed by whites.

Facing this reality does not call for increasing hatred or screaming and utterly futile denunciations. Far from it. For all these shouting emotional outbursts by Blacks are in themselves indications of weakness, because they becloud the mind and prevent the calm and clear thinking that is absolutely required for planning

if the race is to be saved from final destruction. 'Destruction' is not too strong a term here. Only fools will be unable to see that the race is again being hemmed in, surrounded by its enemies, and cannot survive forever under what might be called a state of gradual seige. Those "Negroes" who are still pleading with the whites for brotherhood through "integration" are so deal and blind that they are unable to get the white enemy's reply to these frantic pleas for acceptance through integration. . . . These *Negroes* have neither the ethnic pride nor the self-respect that is so characteristic of the American Indians, Japanese and Chinese; and they seem utterly insensitive to being openly rejected by the whites, and battle on with the fantastic idea that they can force the whites to accept them socially. . . . Using the courts to force whites to accept Blacks as equals is quite futile even when and if all the thousands of court battles are won.

White America is overwhelmingly against "integration." And white Americans are no different than other whites throughout the world.⁴⁸³

White Devils from the West

BEFORE THE SIXTEENTH CENTURY MOSE AFRICAN ON the continent had never seen a real white face. Since in many societies all devils and other evil spirits were white, the ritual to ward these off was always led by chanting dancers whose faces and bodies were hideously painted with white chalk. That there were in fact white humans---living "white devils"---was unbelievable (probably few reports are better known than those of first contacts where the boldest of the unbelievers would venture to rub the skin of whites to see if the "paint" would come off). Over a thousand years had passed since Assyrians, Persians, Greeks, Romans, Arabs and Turks had taken over Egypt, and Arabs now also ruled the Eastern Sudan. Arab-Hebrew rule was steadfast in isolated Abyssinia, while the Arabs along the East Coast, operating from their Zanzibar stronghold, had not themselves ventured far into the interior. Their Afro-Arab agents generally spearheaded slave hunting operations.⁴⁸⁴ Ghana and Mali had disappeared, and now Songhay was making its last stand against Arab, Coloured, and Berber armies from across the desert. Even there where black armies clashed with invading white armies, the masses never saw white people. This refers not only to the countless thousands who fled upon the approach of enemy troops, but also to those who remained scattered over the country in their villages.

Now things were changing rapidly and the people were becoming sharply aware that they were being hemmed in from all directions. To begin with, the Arabs were spreading out and penetrating formerly forbidden borders of Black states. Being the longest of the whites in Africa and the freest in amalgamation---because of this there were millions of brown Arabs, dark skinned Arabs and near-white Arabs. They could therefore enter Black territory from which whites were barred. These Black Arabs (many were unmixed) confused African leaders everywhere, increased the tensions and tribal wars among them, and helped mightily in destroying the independence of African states. Having discussed this in connection with the fall of the Mossi States and

elsewhere, my return to the same subject again is to keep a focus on the race's self-imposed chains as well as those imposed by the whites. A further reason is that all---not even among themselves. We prefer to pretend that certain things do not exist. This fact in itself is a weakness that strengthens the white power position over the Blacks. The Portuguese were the first white European people to arrive in West and Central Africa. They were not long in adopting the Arab strategy in dividing the Blacks against themselves---a strategy since adopted by all white people.⁴⁸⁵

BOOK OF NEGROES

A primary source document listing the names of 3,000 Gullah-Geechee People primarily from the Gullah Corridor (South Carolina, North Carolina, Virginia, Georgia, and Florida, including the Sea Island Coasts of Southeastern, USA) who fought for their freedom on the side of the British against the establishment of the American Republic during the American Revolutionary War, then after it ended migrated to Nova Scotia, and later returned to Africa to found the nation of Sierra Leone at Freetown.

THEIR STORY

The *Book of Negroes* reveals the story of a particular and peculiar Nu African People called the Gullah-Geechee who fought in the American Revolutionary War to obtain their freedom in the only way it seemed possible at the time by joining forces with the armies of Great Britain against the formation of the American Republic that intended to keep them as slaves *forever*. They would later immigrate to Nova Scotia, Canada, and later exodus back to their original homeland in West Africa to found the Krio colony of Freetown, Sierra Leone, destined to become the capital of the nation. So famous is their Trek Back to the Motherland that novels and other works like a movie script have been written to explore this often neglected story of Nu African history in the United States. For instance in a review of Lawrence Hill's novel "Book of Negroes" originally entitled "Someone Knows My Name" likely a play on James Baldwin's collections of essays "Nobody Knows My Name" (July 1961) Gillian Robertss states that:

Lawrence Hill's 2007 novel *The Book of Negroes* tells the story of Aminata, a West African girl kidnapped and sold into the transatlantic slave trade, and her experiences in an indigo plantation in the American south, followed by further displacements to Charleston, New York, Nova Scotia, Sierra Leone, and London. It has been lauded as "an important revisionist work that simultaneously adheres to and undermines [the slavenarrative] genre" (Yorke 129) and a text in which the "historical facts" of the Black Loyalists' migration to Nova Scotia "are rememored and rewoven into the fabric of the Canadian historical record" (Duff 237).¹ The novel has enjoyed a remarkable afterlife: the winner of the Commonwealth Writers' Prize, *The Book of Negroes* also went on to win Canada Reads in 2009; a film adaptation is currently under development with Clement Virgo as director; a Black History in Canada Education Guide, featuring Hill's novel, was produced by the Historical-Dominion Institute; and an illustrated edition of **The Book of Negroes** was published in hardcover in 2009 and in paperback in 2012.⁴⁸⁶

Who wants to hear about blacks to took up arms to prevent the establishment of the American Republic and then returned to Africa to found an African nation, established for the express purpose of overthrowing slave trading in the Atlantic, and providing a home and land where black men could live as free person, controlling their own destiny? Here we can dare say that the general population of Nu Africans in American (perhaps with the exception of the Gullah People themselves) hardly recognize any connection between themselves, blacks of Nova Scotia, and blacks in Seirra Leone. **The Roll of Negroes**, *Vols 1 and 2* referred historically as **The Book of Negroes** testify to this African connection and how it came about:

Commonly referred to as the "Book of Negroes," this is one of [two volumes](#) that lists the names, ages, and descriptive information of about 3,000 enslaved African Americans, indentured servants, and freedmen that were evacuated from the United States along with British soldiers at the conclusion of the American Revolution. (Entries in the ledger were written across two pages — each image shows one side of the open ledger.)

Sir Guy Carleton, commander of British forces during the War, intended to keep the promise of freedom that was made to African Americans who joined and fought for the British in the course of the Revolution. Per the terms of the Preliminary Articles of Peace signed in 1782, however, the United Kingdom was supposed to return all property that was seized during the War, including slaves. George Washington demanded that they be returned to their former owners. Sir Carleton negotiated that this "Book of Negroes" be made to tally the loss of "property" for which the British government might compensate the United States at a later date. (No record of that payment has been found.)

This document captures information such as where a person was held in slavery, their owner's name, and when and how the person obtained freedom. The people listed were evacuated by ship from New York City, and most were taken to the British colony of Nova Scotia in Canada. In 1792, over 1,000 of the new African Canadians continued on and settled back on the continent of Africa, establishing the city of Freetown, Sierra Leone.

Included in the names in this volume are people formerly enslaved by George Washington. The page labeled "4" (images 2-3) includes a woman named Deborah listed with her husband Harry Squash. Deborah is described as "formerly slave to General Washington came away about 4 years ago." She had escaped from Mount Vernon in 1781. Harry Washington, listed on page "36" (images 6-7) had also escaped in 1781. He and his wife were among those who resettled in Sierra Leone.

Mary Perth is listed on page "27" (images 4-5) and her husband Caesar Perth on page "38" (images 8-9). Once enslaved by John Willoughby of Norfolk, Virginia, Mary was separated from the Willoughby family during the war and ended up in New York, where she met Caesar, who had also come from Norfolk. The Perths also traveled on from Canada to Sierra Leone.

It is clear from this record that **Inspection Book of Negroes** (Vol 1 and 2) now called the **"Book of Negroes"** was as the result of the peace accord between Great Britain represented by Sir Guy Carleton, Commander of the British Forces and George Washington, Commander and Chief of the victorious American Revolutionary Army. This accord called the *Preliminary Articles of Peace* signed in 1782, ostensibly agreed that the British return all of the slaves belonging to Colonial Masters, including those belonging to George

Washington himself. As it turned out to his everlasting credit, Sir Guy Carleton kept his promise to give black under his authority who fought on the side of Britain their freedom. Instead of returning these 3000 back to their American slavers, he evacuated them by ship from New York harbors instead, first to Nova Scotia, and some other places and then help over 1000 former black slaves repatriate back to West Africa to found the African-American colony of Freetown, Sierra Leone (1792). Apparently, despite the terms George Washington accepted the promise of American Slavers being later paid by Britain for the loss of their slaves and so the evacuation took place without hostilities resuming. Nevertheless, both nations kept copies of the the **Inspection Book of Negroes** in hopes of settlement at a future date, which appears never to have occurred. "The National Archives of the United Kingdom holds the British version of this document. This primary source comes from the Records of the Continental and Confederation Congresses and the Constitutional Convention." It is clear from this record that good ole George was dubbed by the British Commander, in favor of black freedom. You might say this maneuver to free American slaves was the beginning of a period we call "Cold War" between Britain and the United States, even though diplomated relations was established between in 1785. Not long after that on May 1, 1807 Britain declared the Atlantic Slave Trade illegal and therefore abolished. This move can be interpreted as an economic strike against the U. S. Slavocracy and an attempt to cripple the U.S. economy. Britain had earlier past the Abolition of the Slave Trade Act on March 25, 1807, which stated:

All manner of dealing , , , in purchase, sale, barter, or transfer of slaves or persons intending to be sold, transferred, used, or dealt with as slaves, practiced or carried in, at, or from any part of the coast or countries of Africa shall be abolished, prohibited and declared unlawful.

The United States followed suit in 1808 with its own law, surprisingly with the backing of Congressmen from Slave States, because they knew they already had more than 4,000, 000 black slaves, the numbers of which already established as sustaining community of slaves interms of natural internal population growth. This move protected the Slavocracy rather than undermined it since the Slave Master could not redirect resources to managing and growing the internal market in slaves already trained to work for new masters. The U.S. Congress enacted this law which states: "prohibit the importagtion of slaves into any port or place within the jurishdiction of the United States."

Nevertheless, it is estimated that at least 50,000 Africans were still mugged into the United States after 1808 through the ports of Spanish Florida and Texas before those states were admitted to the Union. Smuggling went on until well into the 19th Century (i.e. 1838). Britain kept up the international pressure to bring the Slave Trade to an end on the high seas with its navy, not surprisingly with Freetown, Sierra Leone as its headquarters. Hostilities once again broke out between Britain and the United States with the Congress declaring war against Britain in 1812. Diplomated relations were broken off and not restored until 1815. Since then the United States and Britain have been in substantial harmony as allies with the accord of 1782 between Sir Guy Carleton and General George Washington never to be mentioned again.

BLACK ARMED RESISTANCE AGAINST THE UNITED STATES FOUNDING FATHERS

The big lie that black people were happy slaves and never raised a hand against their former slave masters is just that the biggest lie ever told and believed by the black man himself. We fought in large number against the Founding Fathers of the Continental Congress and Confederation Congress that would later become the United States of America. The only "black resister" white historians and black integrationist scholars want black people to here about is Crispus Attucks (1723-1770) "an American whaler, sailor, and stevedore of African and Native American descent, commonly regarded as the first person killed in the Boston Massacre and thus the first American killed in the American Revolution." Of course he died British, of course his value as an example of American patriotism must not go unnoticed, especially by his black *kith and kin*, and other minsetral dancers playing the tune of integrationism. That there is another story of blacks fighting in their own interest to obtain there freedom by separating from the United States has to be buried in the deep archives of American institutions, the repositories of white nationalism.

Black people both slave and free were formed into regiments under British command as the Book of Negroes shows, and as we will show later over 42% of the 3,000 black people listed in the two roles over 42% come from the Gullah/Geechee people of Virginia, South Carolina, North Carolina, Georgia, and Florida. The record shows that "The Black Pioneers were and African-American military unit, established in May 1776, out of Lord Dunmore's disbanded Loyalist unit, the Ethiopian Regiment. The Pioneers retained the Ethiopian regimental motto which was embroidered

OUR ANCESTORS HAVE NAMES

on their uniforms **"Liberty to Slaves."** This Ethiopian regimental motto show clearly what was the hope and on the minds of these black soldiers, *to liberate all slaves in the American Colonies, by means of a British victory during the American Revolution.* That this hope was not realized they then sought to gain their freedom and black self-determination by leaving America, first to Nova Scotia, then many of whom repatriated back to Sierra Leone, West Africa, where many of their black ancestors had capture as slaves.

THEIR NAMES & PARTICULARS

The historical source document "Book of Negroes" (1783) gives the names of 3,000 Nu Africans that escaped the ravages of slavery in America by resisting by armed conflict in the only way they could at the time until they left America altogether first to Nova Scotia and later founded the colony of Freetown, Sierra Leone, where they could for the first time since they left this West African shore breath the free air of the Motherland. And the novel "Book of Negroes" first names "Someone Knows My Name" anticipates what this work "Our Ancestors Have Names", while focusing on the names of 5,000 or more Nu African suffering lynchings of various sorts, nevertheless fulfils its aim to uncover the names of not the black People of Heaven that died under the lash of the whip but also those in such manificent heroic fashion resisted the slavers fighting their way all the way back to the Mother Land. Yes! this work agrees **"Someone Knows Their Names."**

¹ Researchers looking for ancestral recording of what black slave belonged to what white master and what plantation or part of the South these black people were enslaved in this modified rendering of the Book of Negroes Book 1 will be dissapointed. That researcher looking precisely for this information should go to the original record and documents. Here for purposes of this book on **Our Ancestors Have Names** I am interested in primarily two things: (1) The names of our enslaved black ancestors (in this case those who fought with the British against the United States Colonial Army for a promise of freedom; those who later left Nova Scotia and founded the Settlement of Freetown, Sierra Leone; and (2) if I possibly can what part of the South these black people were originally enslaved in. I primarily want to know who they were by name and where they came from, therefore, where I had absolutely had to modify the original original record in order to bring forward the most important records for the purpose of this book I eliminated the names of their original and subsequent white masters, including those while masters who abandoned them prior and doing the Revolutionary War. Where I could I preserved both the names of the white masters and origins of these enslavement. But is nowhere consistent in my redaction fot eh original record of the *Book of Negroes*. These remarks however does not diminish the very important research in black ancestry both here in North American and in Africa. I am just warning researchers why I modified the contents of the Book of Negroes both Book One and Two, and that they should research these original documents to pull out the complete as possible full story of our enslaved black ancestors here in North America. This kind of research as well as my own are important for telling the full and remarkable story not fully told about our black Nu African Ancestors who returned to West Africa, Sierra Leone to settle there and founded a black colony of settlements later to be called Freetown in the nation now known as the "Mountain of the Lion."

³ *Lord Dunmore's Proclamation, 1775*

By his EXCELLENCY, &c.

A PROCLAMATION

As I have ever entertained hopes that and accommodation might have taken place between *Great Britain* and this colony, without being compelled, *by my duty*, to this most disagreeable, but now absolutely necessary step, rendered so by a body of armed men, unlawfully assembled, firing on his Majesty's tenders, and the formation of an army, and that army now on their march to attack his Majesty's troops, and destroy the well disposed subjects of this colony: To defeat such treasonable purpose, and that all such traitors, and their abettors, may be brought to justice, and that the peace and good order of this colony may be again restored, which the ordinary course of the civil law is unable to effect, I have thought fit to issue this my proclamation, hereby declaring, that until the aforesaid good purposes can be obtained, I do, in virtue of the power and authority to me given, *by his Majesty*, determine to execute martial law, and cause the same to be executed throughout this colony; and to the end that *peace and good order* may the sooner be restored, I do require every person capable of bearing arms to resort to his Majesty's STANDARD, or be looked upon as traitors to his Majesty's crown and government, and thereby become liable to the penalty the law inflicts upon such offences, *such as forfeiture of life, confiscation of land, &c. &c.* And I do hereby farther declare all *indentured servants, Negroes, or others* (appertaining to rebels) *free, that are able and willing to bear arms, they joining his Majesty's troops*, as soon as may be, for the more speedily reducing this Colony to a *proper sense of their duty, to his Majesty's crown and dignity*. I do farther order, and require all his Majesty's liege subjects to retain their quitrents or any other taxes due, or that may become due, in their own custody, till such time as peace may be again restored to this at present most unhappy country, or demanded of them for their former salutary purposes, by officers properly authorized to receive the same.

Given on board the ship William, off Norfolk, the 7th of Nov.

On December 6, 1775 the American Revolutionary's published their retort in the *Pennsylvania Journal*; and the *Weekly Advertiser*, in no small part because Lord Dunmore offered freedom to Black Slaves if they were able and willing to bear arms against the armies of the American Revolution, calling him in a poem of disdain stating that in all of the "legions of horrid Hell, there can come no devil with more damned evil, to top that of Lord Dunmore.

Mr. Purdue,

Here you have a Proclamation that will at once show the *baseness* of Lord Dunmore's heart, his *malice* and *treachery* against the people who were *once* under his government, and his *officious* violation of all law, justice and humanity; not to mention his *arrogating* to himself a power which neither he can assume, nor any power upon earth invest him with.

_____ *Not in the legions Of horrid Hell, can come a devil more damn's In evils, to top D****e.* [Dunmore]

THIS "EVIL PROCLAMATION FROM HELL" AS THE AMERICAN REVOLUTIONARY'S WOULD HAVE IT WAS FOLLOWED NINE MONTHS LATER BY:

General Howe's Proclamation of 1776:

*By His Excellency the Honorable William Howe:
General and Commander in Chief of all His Majesty's
Forces, within the Colonies lying on the Atlantic Ocean,
From Nova-Schotia, to West-Florida, inclusive &c.&c.&c.*

WHEREAS it is represented, that many of the loyal inhabitants of this Island have been compelled by the Leaders of the Rebellion, to take up Arms against His MAJESTY'S government: Notice is hereby given to all Persons so forced into Rebellion, that on delivering themselves up at the HEADQUARTERS of the Army, they will be received as faithful subjects; have Permits to return peaceably to their respective Dwellings, and meet with full Protection for their Persons and Property.

All those who chose to take up Arms for the Restoration of Order and good Government within this Island shall be disposed of in the best Manner; and have Encouragement that be expected.

These two proclamation (November, 7, 1775 and August 23, 1776) along with American newspapers sensationalizing and scandalizing them played a large part in Black Slaves from all parts of the South trying to find there way behind British battle lines and actually joining them and taking up arms against the American Revolutionaries, who had declared their independence from England on July 4, 1776, delegates beginning to sign it on August 2, 1776. All of these proclamations and declarations appending the defeat of the British by the American Colony's would lead the British to try to effect the promises, expressed and impiled in their proclamation to give Black Slaves their freedom for taking up arms against the American Revolutionaries, which lead to the writing and publication of the Book of Negroes, Vol 1 and 2, followed by these blacks and their families being taken to various parts of Nova Scotia, Canada, and then later many of them repatriating with the help fot the British to found the African-American Colony of Freetown, Sierra Leon, thereafter called Krio's not Negroes.
