FOREWORD

One cannot survive in life without wisdom. Those who lack wisdom will drift badly into the den of foolishness, brainless, and may become lunatics who can be destroyed easily and mercilessly.

God uses wise people like preachers of the gospel to minister to the world. No one can survive this world of confusion, and immense deception without wisdom from above. The world wisdom including excelling in academics is not enough at all. That is why today there are many professionals with exciting and multiple degrees yet they fail miserably and terribly in life due to the lack of real wisdom. We, therefore, seriously, need wisdom from God so as to excel in life. The beginning of wisdom is to fear God, hence without God foolishness is in abundance. When you find the wisdom of God you find life, and prosperity. Earthly wisdom is actually foolishness to God. Wisdom from above is pure, peaceful, gentle, courteous, compassionate, reasonable, sincere, straight, impartial, and with good fruits.

This book teaches that wisdom is the greatest resource for man on earth and without it man makes many blunders in family, church, community and nation. Wisdom is the old and the new wealth; Wisdom is alive and active in people's lives every day. The book further sheds light on the old adage that perseverance and patience in suffering leads to victory in life. Trusting God to the final end despite the suffering, stress, and hardships is the central pillar. The whole duty of man on earth is to fear God and follow His commandments.

The Power of Wisdom.

Peter K. Keitany, MBA.

The book is very rich and handy for preachers, the church, corporate leaders, politicians, farmers, academia, motivational speakers, professionals like lawyers, English/Literature students and teachers. It is a book full of wisdom and covers everything in family, love, religion, business, governance, law, career among others.

I have known the writer for over 54 years. We schooled together in primary school, underwent the Tugen rite of passage together and celebrated our weddings during the same times. Further, we have together undertaken community development and leadership. The author is a consummate public speaker, prolific writer, church leader, community development enthusiast and articulate project proposals writer. He has great humor and infectious laughter that soothes the soul, and above all a servant of the Most High God.

As the Bible says, "But God chose the foolish things of the world to shame the strong. God chose the lowly things of the world and the despised things- and things that are not - to nullify the things that are, so that no one may boast before him." (1st Corinthians 1:27-29).

I look forward to further reading, not only this, but other books by the author.

INTRODUCTION

Wisdom is a divine deep understanding of things and the ability to make sound judgment against many tricky situations we find ourselves in the world today. The Solomonic wisdom was the greatest asset to the children of Israel. Those who lack wisdom will drift badly into the den of foolishness, brainless and may become lunatics who can be destroyed easily and mercilessly. Without God's wisdom we are completely cooked, and we will always be in the devil's menu.

God uses wise people like preachers of the gospel to minister to the world. No one can survive this world of confusion and immense deception without wisdom from above. The world wisdom including excelling in academics is not enough at all. That is why today there are many professionals with exciting degrees but they fail miserably and terribly in life. Real transformative wisdom comes from God and not just the education systems in the world. Wisdom is the old, and the new gold. They say nothing in education is so astonishing as to the amount of ignorance it accumulates.

We, therefore seriously need wisdom from God so as to excel in life. The beginning of wisdom is to fear God, without God foolishness is in abundance. When you find the wisdom of God you find life, and prosperity. Children without wisdom bring shame, and distress to their families. Earthly wisdom is actually foolishness to God. Wisdom from above is pure, peaceful, gentle,

courteous, full of compassion, reasonable, sincere, straight, impartial, and with good fruits.

This book gives a scan of the three wisdom books in the Bible; Proverbs, Ecclesiastes and Job. It teaches that wisdom is the greatest resource for man on earth and without it we make many blunders in family, church, community and nation. Without wisdom many things go wrong in our lives. Everything in this world is vanity without wisdom from God and it will be like chasing after the wind which you will never catch up.

It further sheds light that perseverance, and patience in suffering leads to victory in life. Trusting God to the final end despite the suffering, stress and hardships is the hallmark. The whole duty of man on earth is to fear God, and follow His commandments.

It presents a total of 2532 words of wisdom (proverbs and wise sayings) both from the Holy Bible and from prominent religious leaders, communities, philosophers, scholars, business people and politicians across the world (Kenya, Africa, Asia, Europe and America) from the period 400 AD to 2024 which is a span of over 1,600 years.

Part one of this book, made up of 716 wise sayings, has been written to reveal the true Biblical wisdom. They have been explained in concurrence with Biblical application while part two is made up of 1816 wise sayings which are for general application in life. They may look contradictory but it will depend on your interpretation and application.

Anyone who invests only in the world and not in God will live with suffering or is even destroyed early in life. Disaster is anxiously waiting for those who only depend on material prosperity, education, leadership, family network, pleasure or booming business to live.

Wise People have self control, are true worshippers and practice the Word while foolish people are built on a weak foundation and their fall is always greater and louder. This book has put together words of wisdom which millions of people around the world speak every day in conferences, online forums, church and corporate meetings, homes and offices. They have been simplified for reference and application. Many of the sayings agree with Biblical teachings.

The devil came to devour people, steal their minds, destroy and kill. Don't give access to the devil by playing into his hands through foolishness. Beware! Be wise.

CHAPTER 1: POWER OF WISDOM

Wisdom is the divine deep understanding of something and the ability to make sound judgment. The Solomonic wisdom was a great asset for the children of Israel. They succeeded in many of their battles because of wisdom given to them by God. Those who lack wisdom will drift into the den of foolishness, brainless and become lunatics who can be destroyed easily. God uses wise people to minister to the world. Wisdom is written 254 times in the Bible.

"But the wisdom that comes from heaven is first of all pure, then peace loving, considerate, submissive, full of mercy, and good fruit, impartial and sincere." James 3 :17, NIV.

The following are the wisdom books in the Bible :-

A) PROVERBS.

- Teaches on the fear and honor of God, humility and justice.
- It explains on father to son advice and wisdom.
- King Solomon asked for wisdom and not the expiring material riches.
- Wisdom is the greatest resource for man on earth.
- Wisdom saves family, work and everything else.
- Foolish women destroy their homes with their own hands.
- Without wisdom many things go wrong in life.
- Foolish people can easily be deceived and destroyed.

B) ECCLESIASTES.

Page 13

The Power of Wisdom.

Peter K. Keitany, MBA.

- Everything in the world is like vanity; it is like chasing after the wind which you will never catch up with.
- All things on earth are temporary and a misery, so don't depend on them.
- Death is the equalizer for the poor, rich and professionals. All people face death without exception.
- The world's wealth and pleasure is temporary and has a lot of stress.

C) JOB.

- The righteous and blameless also suffer in this world for clear and even unclear reasons. You must stand firm in faith until the end.
- Perseverance and patience during suffering leads to victory in life.
- Trust God to the end despite the suffering, stress and hardships.
- Job lost everything, disagreed with his wife and friends but remained strong in the Lord to the victorious ending when he received double portion.
- The whole duty of man on earth is to fear God and follow His commandments.

Joshua and King Solomon were full of wisdom, they excelled in their calling. The beginning of wisdom is to fear God for without Him foolishness fills us in abundance. Wisdom is better than rubies and pearls and will protect you from shame and destruction. When you find the wisdom of God you find life and prosperity. Children without wisdom bring shame and stress to their families.

The Power of Wisdom.

Peter K. Keitany, MBA.

A house, family and home is built by wisdom. Preachers in the early church were full of

wisdom and those who opposed them had the biggest challenge in life. Earthly wisdom is equal to foolishness. Getting straight 'A's in academics or first class honors is not wisdom but mere education knowledge. Real transformative wisdom comes from God and not from any education system. Wisdom from above is pure, peaceful, gentle, courteous, full of compassion, reasonable, sincere, straight, impartial and with good fruits.

In the parable of the rich fool we are told of a man who depends on material riches to live and brags about his wealth to last for many years but he loses his life the same day. Anyone who invests only in the world and not in God will live with suffering and will be destroyed early in life. Disaster is anxiously waiting for those who depend only on material prosperity, education, leadership, family network, pleasure or booming business to live.

The beginning of wisdom is to fear God. Wise people offer true worship to God and build their houses on a rock and when heavy rains, winds, rivers and storms attack them they remain standing. Jesus Christ is the true foundation for our lives. We will be foolish without a true and a strong foundation in life. Even storey buildings collapse when foundations are faulty. Foolish people believe there is no God and that they will survive without God.

The Power of Wisdom.

Peter K. Keitany, MBA.

Many scholars, philosophers, political and religious leaders for many years have referred to wisdom as the tree of life, supreme, better than strength, the greatest wealth, a crown of splendor and hidden treasure. They say wisdom is knowing what to say and when to say. Wisdom will reward you and save you from wickedness. The price of wisdom is above rubies, and repentance is the beginning of wisdom. It is the ability to make sound decisions. Biblical wisdom is a weapon against deception and blessed is the man who finds it. It is only fools who despise it.

According to John Piper wisdom is **knowing the greatest goal in any situation, and the best way to achieve that goal and seeing the bigger picture in everything.** Generally it is an accumulated knowledge for utilization and experience with common sense and insight.

In the Quran wisdom is **knowledge and understanding of the Quran, fear of God, intelligence, comprehension, the power of rational demonstration, or prophet hood.** God is the only one who bestows wisdom upon man .

For Jews wisdom is **knowledge** of nature, human affairs, the gift of poetic and morality of speech, skill to foretell the future and ability to interpret dreams.

Making wise decisions is key to making choices that bring you joy, peace, blessing, and life; **allows you to make better contributions by balancing your needs and boundaries with those of others.**

Page 16

The Power of Wisdom.
Peter K. Keitany, MBA.

Wisdom is the **shared expression of truth with others so that they may benefit**. The more wisdom is shared, the more it grows. Sharing wisdom is about planting a seed in the right soil and knowing that over time the seed will grow roots, break open, and emerge new life. It is the ability to make our knowledge to work for God.

Lack of wisdom **makes humans to keep wallowing in sin, and not minding its consequences**. Fools despise God's instructions. People who lack God's wisdom hate knowledge.

The fear of the Lord is the beginning of wisdom: but fools despise wisdom and instruction. (Proverbs 1:7).

CHARACTERISTICS OF WISE PEOPLE.

- They build on a strong and unshakeable foundation.
- They hear the word of God, obey and practice it.
- The Pharisees and scribes are a good example of religious leaders who ignored important spiritual matters and just concentrated on external practices exposing their foolishness. They preached water and drank wine. They were faking everything.
- Foolish people are built on weak foundation and their fall is always greater and louder.
- Foolish people depend more on their wealth rather than God.

The Power of Wisdom.
Peter K. Keitany, MBA.

The parable of the rich fool explains that one can be rich, and also a fool if they depend on their wealth instead of the living God, **Luke 12: 15-21**. There are many rich but foolish people today in the world.

"Therefore everyone who hears these words of mine and puts them into practice is like a wise man who built his house on the rock," Mathew 7:24, NIV.

A person is at a great disadvantage when he is void of wisdom about how to manipulate the complexities of life, to reverse the decline trends, resolve challenges and make key decisions that will affect his current and future life. Harry B. Joseph says that wisdom is Biblical and is related to the light and salvation in Jesus Christ.

NOTE.

Without the wisdom from God we are completely cooked and we will always be in the devil's menu. The devil came to devour people, steal their minds, destroy and kill them. Don't give access to the devil by playing into his hands through foolishness. Beware!

The Power of Wisdom.
